Group 2137

For: Data Security System and Method Responsive to Electronic Attacks

TERMINAL DISCLAIMER

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450
Sir:

Petitioner, DigitalDoors, Inc., a Florida corporation, having its principal place of business at 4201 Collins Avenue, Suite 2103, Miami Beach, FL 33140, represents that it is the owner by assignment of all rights to application Serial No. 09916397, filed on 07/27/2001 and the captioned case, Serial No. 10008218, filed on 12/06/2001 and Serial No. 10008209 filed 12/06/2001. The captioned application was assigned to DigitalDoors, Inc. and the assignment was filed with the original application. The evidentiary document accompanying or referred to in the instant terminal disclaimer has been reviewed by the undersigned and it is certified that to the best of assignee, DigitalDoors, Inc.'s knowledge and belief, title is in the assignee.

Petitioner, DigitalDoors, Inc., hereby disclaims the terminal part of any patent granted on the above identified application, which would extend beyond the expiration date of any patent granted on application Serial No. 09916397, filed on 07/27/2001 and Serial No. 10008209 filed 12/06/2001, and, except as provided below, hereby agrees that any patent so granted on the above identified application shall be enforceable only for and during such period and that both patents will remain commonly owned.

Petitioner, DigitalDoors, Inc., is a small entity.

Petitioner does not disclaim any terminal part of any patent granted on the above identified application prior to the expiration date of the full statutory term of any patent granted on application Serial No. 09916397, filed on 07/27/2001 and/or Serial No. 10008209 filed 12/06/2001 in the event that the patent: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. §1.321(a), has all claims canceled by a reexamination certificate, is reissued, or is otherwise terminated prior to the expiration of its statutory term as presently shortened by any terminal disclaimer, except for the separation of legal title stated above.

Petitioner expressly reserves and does not waive the right to extend the term of any patent granted on application Serial No. 09916397, filed on 07/27/2001 and/or Serial No. 10008209 filed 12/06/2001 or any patent granted on the above identified application under any statute which permits such an extension of term.

I hereby declare that all statements made herein of our own knowledge are true, and that all statements made on information and belief are believed to be true; and further, that these statements were made with the knowledge that willful false statements, and the like so made, are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

DigitalDoors, Inc.
